**A NETWORK OF
INTERNATIONAL WOMEN
FOR BRIGHTON & HOVE**

You will have the opportunity to hear about the Network which will be offering professional mentoring, training, cultural and employment connections as well as support to women in order that they, their friends and families can make the most of the opportunities that are on offer in the city. If needed, the Network also aims to provide personal and confidential help on matters that may be worrying women and their families.

The Women's Network will also enable women to be part of an influential group of informed, credible and empowered voices who are able to contribute to and deliver key messages and play a significant role in the decision making structures and civic life of the city.

But most of all, our shared lunch will be the first opportunity for us to meet and hear from you what you would like us to offer. This is a chance for us to share ideas and views about life in our families, communities and the city we are all part of and to benefit from the views of other women in Brighton & Hove.

We very much hope that you can join us on 21st March . If you are not able to make this date, but would like to receive more information about the future meetings of the Network, please let us know.

The event is the result of a partnership between the 'One Voice' Forum, Brighton & Hove City Council and Sussex University.
